

Crews working for Ameren Illinois will be trimming trees in and around your area in the near future. Our qualified line clearance trimmers will trim trees that could interfere with electric lines running from pole to pole. Our contractors are nationally recognized as professional arboricultural companies who meet American National Standards Institute (ANSI) pruning standards and pruning methods endorsed by the International Society of Arborists (ISA).

Attached are maps and common addresses of the areas affected. In addition to notifying you, Ameren Illinois will mail a notice to customers who may be affected by the distribution tree trimming work. We will also provide a public notice in local newspapers.

We are committed to providing safe, reliable and affordable power to your community. Tree trimming helps us minimize the likelihood of power outages and safety hazards. Please visit MySafeTrees.com to learn more about our tree trimming program and tips for safely planting trees around power lines.
